

Environmental and Ecological Policy

Date of Policy – 1 January 2026

Author of Policy – Justine Goodwin

Wessex Forest School is a mobile service using designated school land and private land to carry out its programme.

Wessex Forest School fosters an attitude of respect for the environment by encouraging the children to:

- Collect fallen leaves, seeds, flowers, and sticks from the ground rather than taking them from the trees wherever possible.
- Always have kind hands with wildlife, observing rather than touching where ever possible.
- Never deliberately breaking branches of trees.
- Picking up any litter found at the site.

Wessex Forest School will:

- Protect trees and shrubs appropriately when creating dens or fires.
- Regularly inspect pathways and trees for any damage and repair as necessary.
- Plan activities with the natural environment in mind.
